Including Arrowwood, Milo, Queenstown, Shouldice and Mossleigh

Volume 2, No. 45

ARROWWOOD, ALTA., JUNE 29, 1933

Subscription \$2.00, U.S.A. \$2.50

## Large Attendance Marks Success of W.A. Benefit Tea

Perfect summer weather favored the successful tea and sale held last Friday afternoon by the W. A. for which Mrs. A. Horning kindly opened her home. Approximately \$28.00 was realized from the tea and sale of home cooking.

Mrs. R. Shouldice, President, greeted the guests at the door and ushered them to the various tables which were attractively decorated with carnations, peonies, and tall tapers and convened by Mrs. J. Mackie, Mrs. R. E. Hales, Mrs. D. Richards, and Mrs. E. B. Doten while members of the Society assisted in serving.

Mrs. V. M. Gilbert, on behalf of the members, expressed regret at the departure of two members, Mrs. MacLeod and Mrs. Hales. Each being presented with a gift showing the esteem in which they are held. Mrs. G. Jones making the presentation.

A pleasing feature of the afternoon was a number given by four "little Dutch girls" under the direction of Miss Mackie. A recitation by Betty Hoes Jones and a comedy skit put on by four of the members, Mrs. G. G. Taylor, Mrs. G. G. Smith, Mrs. G. Leith and Mrs. N. Cary were much enjoyed.

### Card of Thanks

The members of the Woman's Auxiliary of the United Church wish to thank Mr. and Mrs. A. Horning for the use of their home, also the ladies who kindly furnished flowers for their tea last Friday afternoon.

## Buffalo Hill News

We are sorry to hear that Mr. M. P. Marshall is not enjoying the best of health. However we hope for his speedy recovery.

While driving a number of players to Mossleigh to attend the softball game on June 23rd, Mrs. T. A. Irving narrowly escaped a serious accident, when her car turned over. It appears that owing to the rough condition of the roads, her hand was knocked from the steering wheel, causing the accident.

The body of Mrs. John Roll of Vulcan, was found in the garden at her home Tuesday, June 20th, after a search had been made for her whereabouts. Suicide by taking strychnine appeared to be the cause of death.

While returning home from Vulcan late Monday night last Mr. Stein had the exciting experience of being held up by two gunmen. Using his presence of mind he threw his purse, containing \$20, into the back seat of the car, and kept \$6.00 in silver in his pockets. The gunmen allowed him to keep his silver but forced him to drive them within a mile of Vulcan, where they took their departure.

## For the Bride-Elect

Wednesday evening was the scene of a pretty shower, held at the home of Mrs. C. G. Taylor, in honor of Miss I. Mackie, bride elect for the month of July. A large crowd of over fifty ladies quite filled the room which was tastefully decorated with flowers and plants. In the centre of the piano, two dolls were becomingly dressed to suit the occasion.

During the early part of the evening contests and musical numbers by Mrs. Weiss, Mrs. Bishop, and Miss Marjorie Leonard were enjoyed by all. This was followed by a mock wedding which caused a great deal of amusement.

A delectable lunch was then served which was arranged to carry out the color scheme of green.

In a few well chosen words the best wishes of those present were expressed, after which two of Miss Mackie's pupils, dressed as bride and groom, brought forth, to the tune of Lehigh's Wedding March, a decorated wagon heavily laden with an abundance of very beautiful gifts.

The evening was brought to a close by the singing of "For she's a jolly good fellow".

## McGill Convocation

Representative leaders of Canadian religious, educational and business life take part in the traditionally impressive ceremonies connected with the Convocation of McGill University. Of particular interest was the honorary degree of Doctor of Laws conferred upon His Eminence Cardinal Villeneuve. In the picture line shown from left to right, front row, in gowns, High Rev. John C. Partridge, D.D., Anglican Bishop of Montreal; His

Eminence Cardinal Villeneuve, Archbishop of Quebec; A. J. Brown, K.C., Second row in mortar board; Chancellor E. W. Beatty, K.C., LL.D., of McGill University, and President, Canadian Pacific Railway, Sir Arthur Currie, Principal of McGill University, and on his left in gown, Mr. John W. Ross. Rear row: W. A. Black, Hon. Vincent Massey and W. M. Birks. In the doorway is Mr. Huntley R. Drummond.

## Obituary

### Joseph E. Brucker

The people of Mossleigh and district were greatly shocked Friday night, June 23rd, when the sad news of the death of Mr. Joe Brucker was learned. The late Mr. Brucker, who was 55 years old, had been ailing for the past two years and was taken to Calgary recently where he died at the Dr. McGuffin's Hospital. Funeral services were conducted from the Layden Funeral Home by the Rev. Geo. A. Dickson. A host of friends were present to pay their last tributes of respect to a highly esteemed citizen and beloved neighbor. Floral tributes were many and showed the deep respect with which the deceased was held. Besides two brothers, Ed and Adolph, at Mossleigh, eight brothers and sisters in the United States survive.

## Wedding Bells

### BECKNER-WILLIAMS

A quiet wedding was solemnized at the First Baptist Church, Calgary, Wednesday, June 27th, when Miss Ruby Williams, of Arrowwood, was united in marriage with Mr. Bud Beckner of Milo, the Rev. Mr. Patterson officiating. The bride, dressed in a beautiful white lace gown, was given away by her father, Mr. Olate Williams, of Arrowwood. The couple are spending a few days visiting with friends of this district after which they will reside at Airdrie.

Both bride and groom have formed a host of friends in Arrowwood and district, and the Resource joins with all in wishing Mr. and Mrs. Beckner a long, happy and prosperous wedded life.

## Mossleigh News

Mrs. E. Hansen had as her guests over Sunday, her sister Mrs. O'Leary and family.

The softball team had an exciting game Sunday, playing Olenavon team.

Mrs. E. Boss spent the weekend in Mossleigh, returning to Calgary on Sunday evening.

Mrs. G. McDonald has been ill during the past week, suffering from an attack of the flu.

Grade XI examinations were held here last week. Mrs. I. Daub acting as presiding examiner. Five students wrote. We all join in wishing them success.

Mr. and Mrs. I. Daub and Mrs. W. Bulman spent Tuesday visiting at Champion.

Mr. and Mrs. Nicolls, Mr. and Mrs. Daub and Mr. and Mrs. A. Weber were among those who witnessed the baseball game at Strathmore Sunday between the Calgary Pucksters and the Strathmore Club.

Miss E. Segal returned Monday after an extended visit with friends.

Mr. and Mrs. A. Bulman of Calgary were Sunday visitors at the W. Bulman home.

The girls' softball team were victorious in a game played with the Union Jack girls on Friday last.

Insuring what Canadian railway officials believe will be one of the greatest rail travel movements in the history of the country, C. P. R. officials, Canadian Passenger Association, announced that commencing this month and extending into June, Canadian railways will establish a rate of one cent a mile for coach travel between points in eastern and western Canada and return. This constitutes an all-time low in Canadian passenger fares, and sales commence from western Canada May 26 up to and including June 8, and from eastern Canada May 31 up to and including June 18.

Three out of five Strathmore Memorial Fellowships in transportation given annually by the graduate school of Yale University have been awarded to Canadian Pacific Railway employees or sons of employees. There was a total of 50 applicants for the fellowships. The three C. P. R. awards were to E. G. Gossage, stenographer in the office of the general manager, eastern line; P. E. Sawyer, son of J. E. Sawyer, general superintendent, Quebec district; and Robert A. Emerson, son of B. H. Emerson, agent at Miramichi, Manitoba.

## Promotions in the Primary Room

Following is a list of promotions in Grades I, II and III. Names are arranged alphabetically and not according to standing.

### Promoted to Grade II

Archambault, Alice  
Allan, Joan  
Brown, Edna  
Bishop, Ronnie  
Burr, Kenneth  
Culp, Junior  
Shatto, Rollin  
Darlene Saller

### Promoted to Grade III

Henderson, Harry  
Irwin, Lawrence  
Jones, Dorothy Jean  
Lod, Yelma  
Larsen, Larry  
Richards, Donald  
Royer, Martha  
Thompson, Robert  
Williams, Donald

### Promoted to Grade IV. Honors

signify over 75 per cent in all subjects.

Bishop, Marvyn—honors  
Beagle, Ethelyn—honors  
Brown, Billie  
Brubaker, Loris  
Culp, LeDona  
Kemper, Betty Ann—honors  
Larson, Arla Jean  
Miller, Darwin  
Oliver, Gordon  
Pawluk, Harry—honors  
Riches, Kathleen  
Service, Audrey  
Williams, Laura Jane  
Teacher, Miss I. F. Mackie

## Lake McGregor Picnic Wednesday, July 5th

The annual picnic sponsored by the Lake McGregor U.F.A. Picnic Association will be held in the Marquis Municipal Park on Wednesday July 5th. Every year this picnic attracts largely from this and other districts, and this year should prove no exception.

A large programme has been arranged including horse-racing, athletics for all the family, a baseball tournament, a softball tournament, basketball and football games. "In the evening, a dance is being held in the Oddfellows' hall, Milo as a grand finale for a real day of sports and fun. Refreshments on the grounds will serve pop, ice cream, etc., all during the day.

Members of the Picnic Association executive include C. L. Olfield, president; Alex McIntyre, secretary, and J. K. McLean, treasurer.

## West End Garage Installs New Machine for Cleaning Plugs

A revolutionary new machine that will clean a spark plug in 4 or 5 seconds has been added to the equipment of the West End Garage.

There has long been a need for an efficient spark plug cleaning machine, because dirty or badly worn spark plugs not only reduce car performance but cause a loss of 1 out of 10 gallons of gasoline. "In installing the new device we feel that we have made another distinct contribution in the interest of an important service for our customers," Mr. Farnell declared.

## Miss Jenniephon Engaged as Principal

At a meeting of the Arrowwood School Board held last night, the application of Miss Eleanor Jenniephon, B.A. was accepted as principal of the High School for next term.

## "On the Bottom of the Sea"—Lecture

Robert M. Zimmerman

The third evening of Chautauque presents a rare opportunity to hear Robert M. Zimmerman of Montreal, Quebec, who has spent years in aquatic explorations.

He describes in a most realistic manner many, many of his thrilling adventures and experiences as a deep sea diver. His collection of marine specimens is one of the finest of its kind on the Continent, much of which may be seen at the close of his address. Canadians have been justly proud of Robert Zimmerman's achievements and we take great pleasure in conducting his personal tour.

Third Evening of Gleichen Chautauque, June 30 to July 4th.

## World's Future At Stake

The World Economic Conference now meeting in London constitutes what is probably the greatest assemblage of nations ever convened in the history of the world. In its opening address, Premier Ramsay MacDonald declared: "There is greater authority gathered in this hall than has perhaps ever been brought under one roof in the world's history."

Sixty-seven nations are represented in this momentous conference, or a larger number of separate national units than most people had knowledge existed. But it is not the size of the gathering which makes it outstanding in importance among all great world economic conferences; rather it is the fact that, for the first time since the Great War, it is composed of Government plenipotentiaries with the power to act.

As one well known economic authority points out, there have been many economic conferences in the past ten years, but they were composed of experts who were called upon merely to advise, but without authority to commit their Governments. The present conference is quite different; it is made up of representatives of the Governments of all nations, clothed with authority to reach definite agreements, thereby committing those Governments to exert their power and authority to secure ratification of such agreements by their various legislative bodies. There is, therefore, hope that definite action will result.

Whether such action does result depends, says the economic authority already quoted, upon the answer to a fundamental question. Will the Governments really turn their backs on the ideal of national self-sufficiency, and try to rebuild properly on a basis of interdependence and mutual benefit in international trade, even though that may involve a modification of their present national policies? If so, then there is no reason why the Conference should not be a great success. But, if not, there is little hope of preventing a drift into even greater depression, the ultimate outcome of which no man can foresee.

This is the crux of the whole matter, and discussing it in his opening address, Premier Ramsay MacDonald further said: "Have we come to deliberate and decide as though our respective nations were isolated units in the world? Then we shall fail and the world which looks upon us today with expectations will have to drain a bitter cup of disappointment. Have we come knowing that the permanent good of each is dependent upon the permanent good of all, and determined to co-operate in coming to agreements which will make a renewal of prosperity possible? Then we shall succeed, and expectations of the world will be justified. We must not fail."

And His Majesty the King in opening the conference sounded the keynote in a stirring appeal he said: "In the face of a crisis which all realize and acknowledge, I appeal to you all to co-operate for the sake of the ultimate good of the whole world. It cannot be beyond the powers of man to use the vast resources of the world as to insure the material progress of civilization."

Surely it is inconceivable that the leading statesmen of the world, men clothed with all the responsibilities of government and whose very positions have made them fully cognizant of the underlying and fundamental causes of the world's present economic sickness, will be so nationally selfish, so neglectful of their own and their countries' responsibilities to the world at large, as to take such irreconcilable attitudes that the success of the conference will be wrecked.

President Roosevelt in his stirring pre-conference appeal to the sovereign heads of all nations stressed the terrible responsibility that would rest on any nation, or group of nations, which stood out against the rest of the world in their intransigence. But, if not, there is little hope of preventing a drift into even greater depression, the ultimate outcome of which no man can foresee.

To quote Premier Ramsay MacDonald once again: "Nationalism in the sphere of politics may be essential to human freedom. Self-sufficient nationalism in economics is the death knell of advancing property. The nearer we can make the world an economic unit the better will it be for each nation. In any event, international co-operation is our best way to national recovery, and the nations that are passing it by are passing the power of mind will not only lead the world in enlightenment but in well-being."

Narrow nationalism must go. If it does not, the very nations which persist in it will themselves go down in the crash and debacle of a destroyed civilization. The present World Economic Conference is a turning point in the life of the present generation. The hope and prayer of the turning names of the world's population is that their leaders will rise to the occasion, and courageously and energetically take the right road.

## New Canadians

**Education Necessary In Order That They Should Know Something About Canada**

"It is too bad the government doesn't look into this matter. When you make application for naturalization papers, they should give you some literature so that you would know something about Canada."

Judge F. A. G. Ousley, hearing applications for naturalization in district court, made this observation. He regretted that something was not being done to help new Canadians secure their citizenship papers.

London will start its slum clearance shortly.

Bankruptcies in Egypt number about one-third those of a year ago.

## Brown Root Rot

**Disease Affects Clover In Alberta and Saskatchewan Areas**

Brown root rot has been observed on sweet clover, alfalfa and common clover growing in the southern and central parts of Alberta and Saskatchewan, as far north as Prince Albert in the latter province, and Athabasca and Havelock in Alberta. The fungus is native and apparently abundant in the cultivated black soil of the prairie area mentioned. The disease has not been reported as occurring elsewhere in Canada, or in foreign countries, — Dominion Laboratory, Edmonton.

Soviet heads will send out at least expeditions to backward areas in Russia to collect data from which alphabets will be prepared.

## Nervous—Could Not Sleep Tired Out All The Time

Mrs. George Berliner, New Glasgow, N.B., writes:—"I was so very nervous I could not sleep at night, and felt tired out all the time."

A neighbor told me about Milburn's Heart Nerve Pills, and so she was using them at the time she gave me some to try. I found they were doing me so much good I procured two more and they proved of wonderful help to me."

For sale at all drug and general stores; put up only by The T. Milburn Co., Ltd., Toronto, Ont.

## Freight Rate On Butter

**Move Made By Western Provinces For Better Consideration**

Joint action on the part of the Provincial dairy associations of Manitoba, Saskatchewan and Alberta will likely be taken shortly to obtain a reduction in the freight rate on butter shipments from the prairie to Vancouver and Eastern Canada.

The move follows upon the rejection by the board of railway commissioners of an application for a reduction in the freight rate on butter shipments from the prairies to Vancouver and to eastern Canada. Freight rates on butter are the same now as they were when the carload was selling for 40 cents per pound.

Saskatchewan dairy representatives have already communicated with officials of the two sister provinces with a view to holding a meeting and planning a joint appeal to the board of railway commissioners for a re-hearing of the case.

## FAT MAN LOSES 63 lbs.

**Kruschen and Walking**

Overweight men who want to lose a few pounds can have the benefit of a new method. He gives them to us for publication:—"In a little over twelve months I have reduced my weight from 267 lbs. to 104 lbs., by taking a dose of Kruschen Salts every morning for three months, and taking walking exercises every day. This remarkable achievement is the only one I have ever known of a man who did not resort to any other means."

You can take off fat with Kruschen Salts if you will take one-half teaspoon in a glass of water every morning before breakfast, modify your diet, and exercise regularly.

While you are losing fat you will be gaining in energy—in endurance—in health—and in every morning you will hold you any more—you will be up and going and you will enjoy an active recreation and you will sleep like a top. You'll lose fat, and probably five years longer.

## Takes Opposite View

**French Academy Thinks Ships Should Be Called 'She'**

Trepanning on the domain of the Academy of French Language, the Academie de Marine has ventured to tackle a grammatical problem. It relates to the much vexed question of the sex of ships, writes the Paris Correspondent of the London Daily Telegraph.

In England, where people do not like to see the gender of inanimate objects, it is nevertheless firmly established that ships have a right to the feminine pronoun. The French, who are much too logical to indulge in such personification, take the opposite view on the ground that the words which mean ship—"navire," "vaisseau," "bâtiment"—are masculine.

But while it may be perfectly satisfactory to the grammarians, the view, it sounds very odd to speak of "le Normandie" or "le République" when a vessel happened to have a similar name. The Academie de Marine therefore demands that the present practice should be placed before feminism in order that "our language, grammar, good sense and euphony" may be avoided.

## Dick Turpin's Coat

**Money and Jewels Found Recently In Lining Of Old Garment**

Money and jewels have been found in the lining of a plain-colored velvet coat which belonged to Dick Turpin, the famous highwayman.

The coat was recently bought by Mr. Rutter, of Cambridge, along with the mask, pistols and spurs which Dick Turpin left at the Three Tuns Inn, Cambridge, on Jan. 12, 1786, after he had escaped from the Newgate runners.

He never claimed them before he was hanged at York on April 19 of the same year, and they passed to a fox-hunter man, from whose great-grandson at Cardiff Mr. Rutter bought them for £50.

While Mr. Rutter was carrying the coat, a George I. half-crown, dated 1717, fell from the lining. Then the other articles were found, comprising: six silver coins, two copper coins, gold ring, two silver rings, and a pair of silver-gilt ear-rings.

## Grows Larger In Canada

A new record for Loch Leven trout in Canada was established recently with the taking of one weighing 10 pounds 2 ounces in the Cypress Hills area, Saskatchewan, a weight several times that of the average for the species in Scotland, its original home.

Statistics and experience of the best Canadian farmers show that crop yields in Canada are, generally speaking very much below the possible maximum.

## It pays to "Roll Your Own" with TURRET FINE CIGARETTE TOBACCO

## Would Only Benefit Few

**Many People Would Suffer If Prices Suddenly Increased**

The United States and Europe are trying to combine so as to raise prices all round. If wheat were \$10 per bushel and everything else in proportion, would the world be in any better position than if wheat were \$1 per bushel and everything else priced in proportion. If a man should die at seventy years of age and leave a wife fifty years of age with an income of \$500 a year how could she get along when increased prices for necessities came upon her?

The widows, and men who have retired because of age, because of sickness, women who have saved money to live modestly, the great army of children who are unfit for work, etc. The rise in price of lumber, but in going all around it would be social cause it would crush perhaps as many as it would lift up. This is especially true of country villages and small towns, where there are more people living on small incomes in proportion to population than in larger places. If we talk of a national fund to help these people with small incomes, we complete the circle and arrive at the very place from which we started. We might just as well leave things as they are and let old supply and demand do the regulating of prices. —Port Rowan News.

## Wild Cattle In England

**Unique Herd Maintained On One Of Oldest Estates**

It may surprise many people to know that there are wild cattle in England, yet there is an authentic herd, not running wild, but living on the estate of one of England's oldest peers, the Earl of Tankerville in Northumberland.

For centuries these animals have had their habitat on the Earl's wooded demesne of 700 acres, which is stoutly enclosed by a stone wall that the breed has remained pure for upwards of five hundred years. There are just 44 of them, but as it costs quite a sum to feed and care for them without producing any return the Earl has been obliged to ask for some assistance in their maintenance. The Zoological Society has come forward, and the preservation of this unique herd is assured.

These cattle are pure white with red muzzles, and black tips to their upward tilted horns. They are smaller than ordinary cows, extremely shy despite the fact that nobody ever bothers to touch them, and are dangerous to strangers.

It is said they are descendants of the aurochs, primitive wild oxen, which were hunted in England by Roman soldiers when the Caesars held sway. —St. Thomas Times-Journal.

**French Eat Less Bread**

Collectivity of the French is steadily declining, says Edmond Chaix, president of the Touring Club of France. Once the world's champion bread eaters, with a daily per capita consumption of two pounds, the modern Frenchman consumes but one pound ten ounces. Mr. Chaix blames the decline on the war, during which he says, his countrymen became tired of poor quality bread.

A man never gives much thought to the loss and downs of life until he strikes the down.

## Razor Blades FREE with POKER HANDS!

You can get these five keen, well-honed safety razor blades (if you like Gillette-type razors). Give them for just one complete set of Turret Poker Hands... any man would appreciate such a gift!

Mild, yet sweet and full of flavour—Turret Fine Cut is a particular favourite with men who "roll their own." A 20 cent package of this mellow Virginia Tobacco will make at least 50 cigarettes... in it are combined satisfaction and genuine economy.

## SAVE THE POKER HANDS

## Wager Was Easily Won

**New York City's Outwitted Young Club Man**

In the town of New York, among some of the younger members of the University Club, one of the group made a generalization that writing poetry was easy and that he, although God knows, no poet, could write a poem and get it printed. However, he could get it printed in the New York Times. He had said that said he could. Money to cover the wager bobbed up at once. Then, with a little effort he wrote a poem—anyway, he wrote eight lines that had some rhymes. The incoherent Times came next. On that matter, he showed himself a young man of invention. First, he wrote a letter signed X.Y.Z. to the question-and-answer department of the paper's book section, asking if some reader could give the last four lines of the poem which began—and he quoted the first four lines of his poem. The Times ran it. He immediately replied, signing A.B.C., giving X.Y.Z. the last four lines of the poem. The Times, never suspecting that Mr. X.Y.Z. was not a real grumbler, took it as a matter of publication, he drew down his bet. —New Yorker.

**Price For Essay**

**Fellowship Amounting To \$1,000 Offered For Best Essay On Economic Problems**

A graduate fellowship, amounting to \$1,000, is offered by the Royal Bank of Canada to the student of Canadian university who writes the best essay on a Canadian economic problem.

The subjects for the papers to be submitted by March 1, 1934, are as follows: The analysis of Canadian industry. The restoration of international movements of capital as a basis for an increased volume of trade. The future of the export trade in Canadian agriculture.

Possible development of power-using industries in eastern Canada.

**Have Helped Greatly**

Many newspapers have drawn the contrast and commented on the talk about there being a depression while at the same time picture shows are crowded. Pictures show the sun with one of the valuable things of the depression era, giving the people a chance to direct their minds and thoughts to something other than themselves and their own troubles.

**Power Of Imagination**

"I'm shy," yelled a youngster in New York cornered him in a New York grocery store. Amazed, the p-teen, who had not been a shot, watched him slump to the floor with what looked like blood covering his face. Drawing nearer, they guffawed. The kid was the yolk of an egg which had fallen on his head from a shelf.

**May Not Affect Earth**

Dr. Charles Abbot, the American astronomer, predicts that the sun will be colder for the next two years. This does not necessarily mean that the earth will have two cold years, as the temperature of the earth is affected by many influences besides solar radiation.

An engineer in Poland has invented a device for an anti-aircraft gun which will hit a machine at 12,000 feet.

## Ten Thousand-Foot Tower

**French Engineer Proposes To Erect In Marvill**

An amazing hollow concrete tower nearly half a mile high, with a spiral motor road leading to a vast superstructure consisting of a game room, 400 cars, a dancing platform, a 1,000-seat restaurant, sun-parlor, weather office, and finally a tall slim aerial light-house.

This is the breathtaking project of a famous French constructional engineer, M. Eugene Freyssinet. He proposes this skyscraper marvel, which would completely dwarf the present Eiffel Tower, as an attraction for the world's exposition to be held in Paris in 1937.

Visitors would be able to drive their own cars to the clouds for lunch or dinner.

The spiral road would be four miles long and make thirty turns around the tower. It would be the only means of ascent or descent, for no lifts would be installed.

And M. Freyssinet is ready to build the tower up to a height of 10,000 feet, or nearly two miles, if the world's opinion is in favour of it.

He estimates the cost at about two hundred million francs.

"Don't you think it will be marvellous on a hot day to jump into a motor car and drive up into the clouds, from where you will have a magnificent panorama of the entire Paris region?" he said.

## First Canadian Movie

**Filmed Under Direction Of Canadian Social Hygiene Council**

The first Canadian motion picture produced in Hollywood and the first Hollywood picture to have a premiere in Canada has been placed in circulation. It is "Dances With Wolves," the problem play, filmed under direction of the Canadian Social Hygiene Council.

In its first weeks in Toronto it attracted 25,000 persons.

The picture soon will be shown throughout the British Empire. It has been booked for screening in England under sponsorship of the Ministry of Health. Its producers regard the film as probably the most extensive piece of public health education ever undertaken by means of talking motion picture.

## Easily Distracted

A family in Paradise, California, were at breakfast the other morning when they noticed a grown-up African lion lounging in the window. The Associated Press news item said that the family forgot breakfast. Some people's love anything to distract their attention.

**Some people can't see what pleasure comes from their own business and in living.**

A memorial to Carl Benz, motor car inventor, was unveiled in Mannheim, Germany, recently.

**Improves cooking**

**CANAPAR**

**CONVEYER**

**APPLIFORD PAPER PRODUCTS**

**MANUFACTURED IN CANADA**

**W. N. N. U. 1930**

## Arrowwood Notes

Do your week-end shopping  
on Friday as the stores will be  
closed all day Saturday.

Mr. and Mrs. H. M. Kerr were  
Sunday visitors at the home of  
Mr. and Mrs. F. E. Bell.

Mr. and Mrs. F. Shouldice, of  
Calgary, were visitors at Mr.  
and Mrs. F. E. Bell's last Sun-  
day.

Mr. and Mrs. H. M. Kerr of  
Calgary were at the home of  
Mr. and Mrs. G. Forest Kemper  
for supper on Sunday.

Miss Mavis Mackie, daughter  
of Mr. and Mrs. Claude Mackie  
of Namaka spent the week-end  
with her grandparents, Mr. and  
Mrs. J. Mackie of Arrowwood.

Mr. and Mrs. D. J. Beagle and  
little son Jimmie, spent Tues-  
day visiting at the home of  
their daughter, Mrs. John  
Mackie, near Carleton.

Sunday School services at  
United Church have been  
abandoned for the month of  
July and will be resumed again  
the first Sunday in August.

Mrs. F. C. Miller successfully  
underwent an operation at the  
Holy Cross Hospital at Cal-  
gary Saturday last. Latest re-  
ports are that progress is very  
satisfactory.

Saturday, July 1st, is a legal  
holiday and the stores will be  
closed all day.

Mr. and Mrs. E. J. Garland  
were Sunday visitors at the  
home of Mr. and Mrs. M. H.  
Ward.

Mr. and Mrs. M. Lyle and  
Winifred were week-end vi-  
sitors at the home of Mr. and  
Mrs. W. C. Lyle.

Among those visiting Calgary  
on Monday were Mr. and Mrs.  
J. M. Weins, Mrs. Coleman of  
Milo and Mrs. R. H. Anderson.

Mr. and Mrs. D. Foreman, of  
Calgary, are visiting at the  
home of Mr. and Mrs. M. H.  
Ward.

Dr. and Mrs. Alexander were  
Sunday visitors in the district.  
They were at R. F. Williams  
for dinner and at W. H. Ellis  
for supper.

Mr. J. McHugh received the  
sad news on Sunday morning  
of the death of his mother, Mrs.  
Florence Elizabeth McHugh,  
which took place that morning  
at Calgary.

We regret to report that Mrs.  
A. J. Kauffman received a tele-  
gram informing her of the  
death of her sister, Mrs. Mary  
E. Harp, at Newberg, Ore., on  
June 25th. The telegram was  
sent by Mr. G. E. Harp of  
Shouldice, who was visiting in  
Newberg at the time of his  
mother's death.

Mrs. Rainville is spending a  
few days in the country.

A dance will be held this eve-  
ning in the Shouldice Com-  
munity Hall.

Mr. and Mrs. J. B. Harsh were  
the guests of Mr. and Mrs. R.  
Dahl on Tuesday last.

Wm. Aberhart, B. A. will de-  
liver a lecture in the Curling  
Rink this evening at 8 p.m., on  
the Douglas System.

Mr. Thoms of Calgary visited  
his sister in law Mrs. McCol-  
man, over the week-end.

Marie Dressler and Poly Mor-  
an will appear in "Prosperity"  
at the local theatre on Friday  
night.

Farmers can get \$1.00 per  
bushel for wheat by trading it  
at the Vulcan Flour Mill for  
flour. This is a good opportunity  
to them to get their fall supply.

Word has been received that  
Rev. J. Weiland has reached  
North Dakota on his way to  
Arrowwood, where he will take  
up the pastorate of the Church  
of the Brethren.

Lawrence Larsen of Larsen  
Implements has been busy the  
past week getting the material  
on the grounds for the new  
British American Oil ware-  
house.

"The Vulcan Advocate says:  
"The largest public meeting  
ever held in Vulcan in recent  
years, was that addressed by  
Wm. Aberhart, B.A., of Calgary,  
on June 22, at the Skating  
Arena. Over 1500 people as-  
sembled and listened to inter-  
esting and instructive talks on  
the Douglas System of Eco-  
nomics."

Mr. Percy Talbot and wife  
(nee Margaret Oliver) who have  
been employed at the McKinnon  
Ranch for some time returned  
to Arrowwood last week. Mr.  
Talbot is assisting Mr. Oliver  
in erecting the British Ameri-  
can warehouse here.

The choir of the United  
Church had their final practise  
Thursday evening last at the  
home of Mrs. Parnell, disband-  
ing for the summer. A sumptu-  
ous repast was served by the  
the choir-leader, Mrs. Parnell,  
upon the conclusion of the  
practise. The choir has enjoyed  
a very successful year and the  
leader is to be congratulated  
for her excellent services.

## Tenders Wanted

Tenders will be received up  
to noon, July 11th, for con-  
veying children to school, either  
by motor or horse drawn ve-  
hicle, on the present van route,  
for the school term 1933-34.  
Each driver must carry his own  
insurance for the full term.  
For further particulars see the  
Secretary

M. MURRAY  
Secretary Arrowwood Consoli-  
dated School Board.

## BASEBALL

### Lomond 9 - Arrowwood 8

Playing as guests to Lomond  
club Friday night last, the  
Arrowwood boys gave a very  
credible performance. Although  
the score indicates a loss, the  
boys were robbed of 2 run in  
the eighth inning, when the  
runner was called out on first  
when he should have been safe.  
Both sides played snappy ball  
and although Lomond took an  
early lead when Arrowwood  
pitchers were unsteady, this  
lead was cut down towards the  
end of the game. Mason and  
Bowman hauled for Arrowwood  
Arrowwood - McCullough  
Sharpe, Smith, D. Bowman,  
Hales, M. Bowman, Archam-  
bault, E. Norton, Mason

### Queenstown 3 Arrowwood 17

With two runs scored at the  
bat and snappy fielding the  
Arrowwood team trimmed  
Queenstown on their home  
diamond 17-3 Tuesday last.  
Taking a commanding lead in  
the early part of the game  
Arrowwood were never behind  
and found little difficulty in  
driving the offerings of the  
Queenstown hurlers to all cor-  
ners of the lot. Melvin Bow-  
man in the box for Arrowwood  
pitched a high class game and  
Archambault, catching, gave  
excellent support. F. Mason  
made a spectacular double in  
the eighth when he doubled  
at third and first. Hales at  
first and McCullough at second  
were handling everything that  
came their way. D. Bowman  
was playing in hard luck all  
evening but were not costly  
errors. Mason and Smith each  
made 3 base hits, while Miller  
and Norton hit safely at critical  
times.

## Tenders Wanted

Tenders will be received up  
to noon, July 11th, for the  
position of janitor at the school  
Duties to commence Aug. 1st  
1933. For further particulars  
see the Secretary

M. MURRAY  
Secretary Arrowwood Consoli-  
dated School Board.

## Announcement

Another Service for  
Our Customers

WE HAVE installed a  
new machine to  
clean and adjust spark  
plugs, at 5 cents each,  
while you wait. Badly  
worn or dirty plugs waste  
1 gallon out of every 10,  
and reduce engine power.

# THIS NEW TIRE WILL SAVE LIVES

REMARKABLE NEW INVENTION  
MAKES "SAFEST TIRE EVER BUILT"  
3 TIMES SAFER FROM BLOW-OUTS

## NO EXTRA COST TO SUBSCRIBER

THIS is probably the most  
vital single announcement  
ever made about a tire.  
It's the story of a life-saving  
invention. An invention that  
will save hundreds of lives...  
the least inside the tire carcass  
becomes terrific. Rubber and  
fabric begin to separate. A blister  
starts... inside the tire, where you  
can't see it... and grows. Like an  
insidious tumor, it gets bigger and  
bigger... until BANG! A blow-  
out. The rim hits the road...  
And a terrible drag sets in...  
Like some unseen monster pulling  
your car off the road.

So somebody simply HAD to  
build a safer tire. One that would  
stand the terrific strain of modern  
high-speed motors.

How it prevents blow-outs  
To protect you from blow-outs,  
every new Goodrich Safety Silvertown  
Tire has the amazing new  
Life-Saver Golden Ply. This new  
invention resists terrific heat-  
fabric and rubber don't separate.  
Thus, blisters don't form inside  
the tire. Blow-outs are prevented

by overcoming the very cause of  
blow-outs before they start.  
Three times Safer at  
High Speeds  
At grueling speeds on the world's  
fastest track, the new Goodrich  
Safety Silvertown Tire with the  
Life-Saver Golden Ply lasted three  
times as long as first quality tires  
that did not have this feature.  
Proved itself three times safer  
from blow-outs. Other tires blew  
out at one-third the distance the  
new Silvertowns were run.  
The new Silvertowns NEVER  
blew... Rubber got so hot it  
fairly smoked... wore right  
down to the fabric. But the  
Golden Ply refused to give.

Safest anti-skid tread  
The tread, too, is safer from  
skidding. Scientific tests with  
leading makes of tires prove that  
Goodrich Safety Silvertowns have  
the most skid-resisting tread on  
the road. Even on wet, slippery  
pavements, the squeaky drying  
action of this famous tire gives  
your car extra road grip and  
reduces danger of skidding to the  
minimum.  
Put this Silvertown Tire on your  
car. It costs you not one cent  
more than any other standard tire.  
Drive in, where you see the  
"Mammoth"-the brightly colored  
sign which identifies the Goodrich  
dealer. It tells you where Good-  
rich Tires are sold-the safest  
tires ever built.

## Only Firestone

Gives You All These  
**EXTRA VALUES**

---and at No Extra Cost

Year after year **Firestone** has led the way in giving car owners extra tire values to save them money. Now Firestone gives you an amazing new guarantee which fully protects you for twelve months against any condition that may render a Firestone Tire unfit for further use as a result of blowouts, cuts, bruises or any other road hazard excepting punctures or running the tire flat.

For this alone it would pay you to buy Firestone—but, in addition, Firestone is the only tire that can give you all these extra values:

**2 EXTRA  
CORD  
PLIES  
UNDER  
THE TREAD  
at  
NO EXTRA  
COST**

1—Two Extra Cords Under the Tread.

2—Gum-Dipped Cords.

3—Balanced Construction.

4—Non-Skid Safety Tread.

As a result of these extra features Firestone gives 25% to 40% longer tire life—no extra cost.

**Low Priced Tires.** If you want a low priced but dependable tire, ask for the Firestone Old. As good as most first line tires, but costs 20 per cent less. Made by Firestone and guaranteed for 12 months.

### The Grasshopper Situation

During the past week the grasshopper situation in the Southern districts has grown more acute, and on a more widespread scale. Nearly 500 tons of poison bait a day are being sent out, and the area of infestation has now reached as far north as the C.P.R. Corridor branch and west of Lethbridge to Pincher Creek.

### Consolidating Tax Arrears

For the purpose of encouraging property owners to liquidate any arrear of taxes, and also to give better opportunity to those whose land is may have passed under the tax recovery act, to regain title or at least protect their property from sale, the provisions of the new tax consolidation act, passed at last session of the legislature have now been brought into effect, and have now been brought into effect and may be taken advantage of. The act provides for arrears of taxes of more than a year's standing, as at the beginning of 1933 to be consolidated, and payments made in six annual installments, each to be paid not later than December 15 in each year. The first installment is to be ten per cent of the consolidated arrears, the second installment ten per cent, the

third 15 per cent, the fourth 20 per cent, the fifth 20 per cent, and the sixth 25 per cent. Those wishing to avail themselves of the advantages of the act must apply in writing to the municipality before Oct. 1. Owners of land whose taxes were consolidated under the acts of 1931 and 1932, may come under the new agreement by making application up to Oct. 15. The installments collected under the new system will be pro-rated among the various taxing authorities involved. The new act provides also for certain discounts on the payments of the installments of arrears as follows: For arrears of six years and more 20 per cent, arrears of five years, 22 per cent, of four years, 18 per cent, of three years 14 per cent, and of two years 9 per cent. These discounts will be computed, not on total amount of the consolidation but separately on each class of tax involved. That is if the portion of the consolidated amount which is due on supplementary revenue is in arrears for six years, then the 20 per cent discount applies, but if that portion of the total which applies to another class of tax is in arrears for only four years, then it would receive 18 per cent discount, and so forth. The act also assists those whose prop-

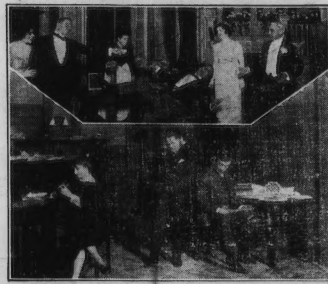

### Here and There

What is probably the world's farthest north golf course is located at Chesterfield inlet on the northern shores of Hudson Bay in latitude 67°. There are only four members and the fee which entitles the player to life membership is ten polar bear teeth.

An increase of over half a million head in the number of cattle on farms is recorded in a report on livestock in Canada for 1932, just issued by the Canadian Government Bureau of Statistics, with 2,511,100 head, compared with 1,991,000 in 1931.

The eye operation on His Majesty King Frederick of Spain in the summer of 1931 in the United States, has been so successful that there will be no need of a further operation, according to Dr. Vidhivaj, public health director of Bangkok, who came to Vancouver recently about Canadian Pacific liner Empress of Japan.

### "A Pair of Sixes"—Brilliant Farce Comedy at Chautauqua

This popular production will be presented by a splendid dramatic cast on the fourth evening of Chautauqua.

It concerns two business associates whose manufacturing company has prospered but at the same time brought misunderstanding and conflict between them.

After a series of events one agrees to become the other's butler for a year in an effort to settle their difficulties.

The subsequent adventures that develop and impossible situations that arise provide an hilariously mirth-provoking evening.

Here is a comedy that entertains and at the same time stimulates feeling and thought.

You will not want to miss it.

### Rounding the Corner

It looks much more encouraging since the recent advance in farm products and we are inclined to believe that the business corner may soon be turned. Now, if the weather man will open his gates so that the grain fields may be soaked, we would all be smiling as we were in bygone days. We are still hoping that we may soon have this much needed moisture.

The material for our warehouse is all on the ground and in a few days the carpenters will have the building completed. We will then be in a position to serve you more promptly with the well known British American Gas, Oils and Greases.

We are doing our best to keep our repair stock up to your needs. May we have your co-operation by you making your repair wants known, so that when you need them they will be here for you. You pay no more for your repairs here than you do in Calgary and if you get the wrong piece we will gladly exchange it for you at no additional charge.

We haul anything anywhere anytime, and it may be to our mutual benefit to give us a trial in this line.

They called Sam's brother "enore" because he wasn't on the program.
